

Global Citizenship Committee Newsletter

January 2017.

We have been really busy this academic year so far!

- In November we visited Age Concern in Marlow to chat to the guests as part of our continuing community work.
- We also organised a Bring and Buy Toy sale in aid of Save the Children's Syria Crisis appeal in October - raising an amazing £180!
- The Global Citizens, along side the School Council, helped organise the fundraising sponsored events for Save the Children and Children in Need - raising an incredible £2010 which was split equally between each charity.
- In January the whole of Key Stage 2 took part in the British Council Quality Education Project where we learnt about the importance of a quality education and that sadly 124 million children across the world do not attend school at all. It made us appreciate how important our education is. Our partner school in Rawalpindi is also sharing this project with us.

We are also happy to announce that we have a new partner school in Nepal. The Mikey Medium English School. They are very keen to work with us and learn from us to improve the quality of education they can provide for their pupils.

Here is a picture of their whole school!

Thank you to all the children that wrote letters to the children in Nepal. They were posted this week. We will also be announcing a new project very soon!

Thank you to all our Spinfield families for supporting our work.
